

D.A.V. PUBLIC SCHOOL, SECTOR – 7, ROHINI

7.8.19

Dear Parents,

It has been observed that you are sending students to school who are unwell – having high fever/cold and cough. Sometimes the school is unable to contact you as your phones are not reachable or switched off . Futher children do not have breakfast in the morning and at times are not even carrying lunch. Please see to it that when your child leaves home for school in the morning, he has had proper breakfast, is carrying lunch and water bottle and is not having fever or any other problem. In case the child is not feeling well do not send him to school. These students are given average marks during exams if they submit a medical certificate along with the application. Your cooperation in this matter will be appreciated.
