Dear Parents

Warm Greetings.

Wish you all are doing well in these times of global pandemic and hoping everything will be fine in the near future.

I thank you all for your sincere, heartfelt & encouraging mails and posts of appreciation and commendations. Such nice words come as a morale booster and sunshine for our hardworking teachers amidst the critical scenario we all are sailing in. We do feel blessed to have such supportive and patient parents and staff that are working in perfect coordination to maintain virtual connectivity and keeping the students engaged, thus ensuring prevention of learning loss.

The teachers are making use of Zoom App and Google virtual classrooms have been created for class III to XII. E-Classes through group podcasts, live presentations groups / Snap Home Works and other sources are being actively conducted for the students of Pre-School to Class-XII.

Teachers have left no stone unturned and have not just created content but are also working earnestly adding personalised touch to deliver the lessons effectively. Many activities have also been initiated online like Art, Craft, Music, physical fitness, counseling and inter school competitions. We also had an orientation for the parents of new admissions from Preschool to Class-II.

This is further to the earlier message on 26th March, 2020 (related to guidelines to be observed during lockdown period) that we take the opportunity now to appeal to you to kindly be appreciative of all our efforts & effect the fee payments timely so as to enable us to run the activities undauntedly & seamlessly. Needless to explain that a timely deposited Fees is the prime support for us to manage all the related schooling activities and also keeping the morale high through salaries paid to our staff, ranging from watchman, sweepers to aayas, many of whom are the single earners in their family and whose livelihood depends on the salary that they get from the school, which again is paid to them through the fee of your wards.

We would also like to add that the school is already under financial constraints as our Fee hike proposal has been on hold for the past 2-years. Notwithstanding, we are striving with our best abilities to render quality education with a lot of value added features to the architects of future....our Students.

Therefore, it's a humble request to all the parents to be thoughtful to our endeavors of being a united family and effect Fee payments as scheduled. Keeping in view the present exigency situation, following considerations have been made:
