

DAV Public School Rohini

Summer Vacations Circular 2018-19

Dear Parents

Greetings from DAV Rohini Parivaar.

Happiness is in the air. The much awaited summer holidays are again around the corner to welcome you with their bright and sunny showers.

Life needs to be balanced between fun and work. The vacations provide us a beautiful time to pursue our hobbies in leisure and to spend quality time with family and friends. It also provides a golden period for the students to revise and enhance their general and academic knowledge. We wish them to spend their vacations in a productive way.

Here are a few suggestions in this regard:

- Help your ward in chalking out a timetable for his / her daily routine, giving equal time to fun and work.
- Expose your child to different culture, traditions, cuisines and local crafts of the place that you visit. Let them make a diary that captures the memory to cherish after a few years down the line.
- Introduce them to the joys and wonders of the **nature**. Go for morning walks with them and enjoy the beauty of nature.
- Spend quality time as a family and make them realise the strength and bond of family ties and values.
- The School has designed holiday homework that is linked to their respective curriculum and is also creative. Do monitor the progress of your ward in completing the task given to them.

We at DAV ROHINI have always strived for the betterment of their students and consider the **PARENT FRATERNITY** as our **PARTNERS in EDUCATION** and our **PILLARS of STRENGTH**. Your trust and belief in us will help us onwards, towards our journey of success and will motivate us to fulfill all the dreams that we have dreamt for the betterment of your ward.

TOGETHER WE CAN AND WE WILL.

We wish you and your ward a very rejuvenating and a memorable vacation, and continue to seek your cooperation in all our endeavours .

Rajbir Kaur
(Principal)
