

## **D.A.V. PUBLIC SCHOOL, SECTOR – 7, ROHINI**

Dear Parents

As we all are aware that our fellow brothers & sisters in the neighbouring state of Odisha have gone through a very difficult time due to the floods. The entire country is trying to help them out.

We at DAV Rohini also want to contribute towards these relief efforts and want to sensitize our students towards their social obligations by contributing a meagre amount of ₹ 10 per child (which is in no way compulsory).

I am sure, that all of you as parents would appreciate the school's efforts in moulding their students to understand and contribute towards this humanitarian cause.

As is said – **As you Sow**

**So**

**Shall you reap.**

If today they stand for others, the others will also stand for them in crisis. This is what education teaches them.

Furthermore, it's once again reinstated and requested that the parents should show faith in the institution that is grooming their children into a responsible citizen. They should show their maturity and dignity in their approach and should not be lured by the rumour mongers and the negative elements whose aim is only to propogate their personal interest rather than being constructive or child friendly.

Wishing you happy weekend and looking forward to your benign presence to witness 'DAV EXPO' tomorrow between 9:00 a.m. to 11.00 a.m.

Team DAV ROHINI
